## STRATEGY

► The Trace at North Major currently has none of the existing units renovated to a premium level. This analysis assumes that new ownership will renovate all units to the premium level over the first two years of ownership. Upon completion of the renovations, we are budgeting a market rent increase of \$200/unit/month over where the current market rents are for the classic units.

## SCOPE

► The value add program assumes that all unit interiors are renovated to include: granite countertops, updated cabinetry, fixtures, paint, appliances, and flooring. The above renovation adds roughly \$259k in GPR to the project annually once the two year renovation is complete. NOI moves from roughly \$513K on Current, up to roughly \$746K once the renovation is complete. This adds roughly \$3.73M in value assuming a 6.25 cap rate, off of an \$880K Renovation budget (\$8k/unit in capex).

## VALUE ADD OPPORTUNITY

Current Annual GPR	\$1,212,411
Post Reno Annual GPR	\$1,471,611

## Industrial and Energy Sector Growth

Beaumont's economy continues to be heavily influenced by its historical ties to the oil and gas industry, with billions of dollars in projects either underway or planned. The Southeast Texas Economic Development Foundation highlights over \$84 billion in current and long-term industrial investments since 2010 in the Beaumont-Port Arthur-Orange region, often referred to as the Golden Triangle. A standout example is ExxonMobil's \$2 billion Beaumont refinery expansion, completed in 2023, which increased capacity by 250,000 barrels per day, making it one of the largest refineries in the U.S. This project alone supports about one in seven jobs in the area and bolsters fuel supply, leveraging Permian Basin crude production. Posts on X from early 2025 also note ongoing construction of new industrial facilities between Beaumont and Corpus Christi, suggesting continued momentum in the energy sector.

The Greater Beaumont Chamber of Commerce projects \$80 billion in industry expansion over the next decade, spanning oil and gas, electricity, agriculture, and retail. This includes more than \$4.5 billion in infrastructure projects and over \$460 million in commercial and retail developments. Companies like BASF and Total Petrochemicals are also contributing, with projects such as BASF's \$270 million dicamba herbicide facility expansion and Total's \$1.7 billion ethane cracker in nearby Port Arthur, enhancing the region's petrochemical dominance.

## Downtown Revitalization and Commercial Development

The City of Beaumont is aggressively pursuing downtown revitalization as part of its Vision 2035: Downtown Plan. Key initiatives include:

- **Riverfront Park Restoration:** Post-Hurricane Harvey, FEMA is funding most of this project, which involves stabilizing riverbanks, adding lighting, benches, a boat dock, and a riverside sidewalk. This aims to enhance recreational and aesthetic appeal.
- **Downtown Waterway and Hotel/Convention Center:** A proposed 3,500-foot promenade and canal connecting existing attractions with new mixed-use developments, including a potential hotel and convention center near the Civic Center. The site at 555 Main Street (former AT&T building, purchased and demolished with \$11 million in city investment) is a focal point for this development.
- **Tax Increment Reinvestment Zones (TIRZ):** Approved in late 2023, TIRZ funding redirects property tax revenue increases (without raising taxes) toward downtown projects like facade renovations, waterway features, and infrastructure upgrades. Estimates suggest \$77.7 million to \$151.5 million in revenue over 30 years, depending on participation from other taxing entities.

These efforts aim to transform downtown into a vibrant hub for commerce, culture, and tourism, capitalizing on Beaumont's location along the I-10 corridor and proximity to the Neches River.

# Information About Brokerage Services

2-10-2025

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

## TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

## A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

## A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

**AS AGENT FOR OWNER (SELLER/LANDLORD):** The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent. **An owner's agent fees are not set by law and are fully negotiable.**

**AS AGENT FOR BUYER/TENANT:** The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent. **A buyer/tenant's agent fees are not set by law and are fully negotiable.**

**AS AGENT FOR BOTH - INTERMEDIARY:** To act as an intermediary between the parties the broker must first obtain the written agreement of *each party* to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- **Must not, unless specifically authorized in writing to do so by the party, disclose:**
  - that the owner will accept a price less than the written asking price;
  - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
  - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

**AS SUBAGENT:** A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

## TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.
